

# Highway Administrator's Report

Jonathan L. Gulliver  
November 18, 2019

# MassDOT Transportation Asset Management Plan (TAMP)

- ✓ Certified by Federal Highway Administration
- ✓ Identifies investment strategies through which progress can be made toward long term MassDOT bridge and pavement performance targets
- ✓ Recognizes importance of municipal infrastructure to overall system performance

## Boden Lane Bridge - Natick

- Bridge carrying Boden Lane over Railroad in West Natick was struck on October 31<sup>st</sup>
  - A piece of maintenance equipment struck a fracture critical beam
- Upon inspection it was determined that the bridge built in 1891:
  - Closed to all vehicles and pedestrians
  - Must be demolished

### Schedule:

- Total duration approximately 10 weeks
  - Demolition in first three weeks
  - Installation of temporary pedestrian bridge

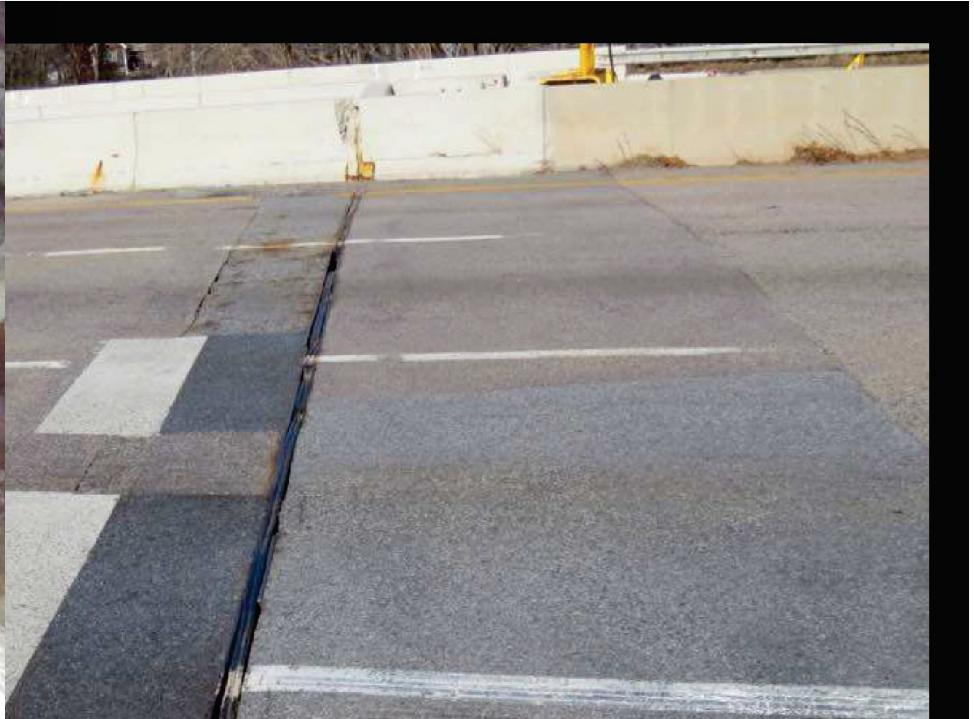

# Southborough/Westborough Bridge Bundle Preview

Rehabilitation of 4 bridges (8 structures) on I-90 EB & WB

Over a 3 mile stretch of roadway, Current Estimate is \$54 million
